Master of Arts in Education

Leading Education Reforms

About Azim Premji University

Azim Premji University was established in Bengaluru in 2010 with the vision of contributing to the realisation of a just, equitable, humane and sustainable society. Azim Premji Foundation set up the University as a fully philanthropic, not for profit entity with a clear social purpose.

Over the last decade, the work towards education for social change has taken deep roots. Using this experience and knowledge, the Foundation is setting up Azim Premji University, Bhopal.

Why Azim Premji University?

Combined learning from both theory and practice

Diverse and inclusive community

Student support systems at various levels

Collaborative learning environment

Vibrant campus life

Why Education?

We believe that education can and should contribute to human development and well-being. India has one of the largest education systems in the world and the education sector requires capable and competent practitioners who can work towards improvement of the quality of education. Today there is a dire need for teacher educators, curriculum and textbook developers, school administrators, and researchers and policy implementers, who can help implement the reform initiatives of the National Education Policy (NEP) 2020.

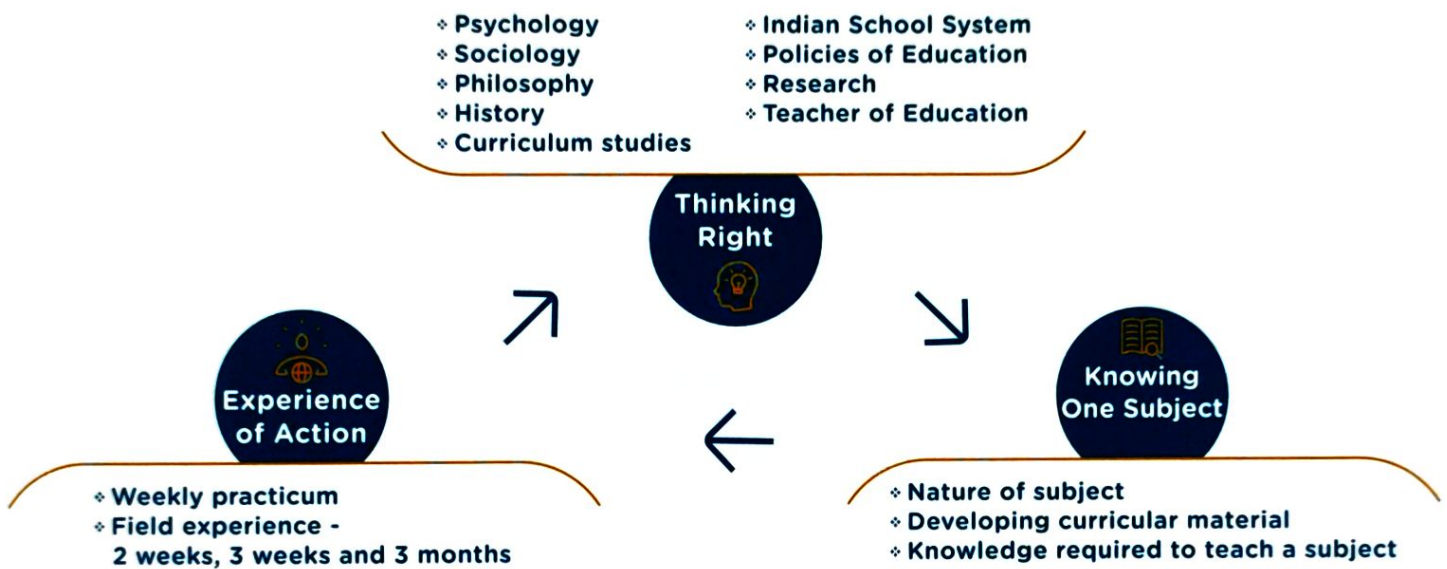

“

The Master of Arts in Education programme at Azim Premji University aims to develop reflective educational practitioners who can reform the education system.

”

Programme and its structure

M.A. in Education helps students develop an understanding of the theories that help engage with core issues of education, combined with direct experiences of what it is to be a practitioner of education. This programme equips students with foundational capabilities in teaching and learning, curriculum design, material development, teacher education, educational research, and policy development and analysis.

Note: Choice of studying one school subject area in depth - Early Childhood Education, Language, Mathematics, Science and Social Studies.

Career Opportunities

Where can you work after the programme?

- NGOs and Schools
- Corporate Social Responsibility (CSR) and philanthropic foundations
- Social enterprises and other educational initiatives
- Research and advocacy organisations
- Government organisations

Typical work responsibilities include Programme Management, Curriculum Design, Curricular Material Development, Teacher Education, Assessment Planning, Content Development, Research and Advocacy etc

Financial Aid

We believe that everybody should have a chance for admission despite financial constraints. We offer scholarships and other forms of financial assistance.

Education for Social Change

Azim Premji University was established in Bangalore in 2010 with the vision to contribute to the realisation of a just, equitable, humane and sustainable society. The Azim Premji Foundation set up the University as a fully philanthropic, not for profit entity with a clear social purpose.

The availability of trained professionals in education, development and allied social sectors in India is grossly inadequate, given the scale, complexity of issues and the wide range of competencies required to work in these areas. Azim Premji University's key mission is to address this significant talent gap and prepare competent, motivated and socially committed graduates capable of contributing to a just, equitable, humane and sustainable society.
