ACADEMIC SUPPORT

At GD Goenka University, students' success is the primary goal. All faculty, staff, and students remain committed to working towards this singular aim. University strives to provide the necessary academic and planning support to academically underperforming students in the form of mentors and counsellors. In each semester, students must meet their designated faculty mentors to plan the activities and courses for the next semester. The faculty mentor finalizes the student's academic program keeping in view the minimum/maximum number of total credits in a semester, course backlogs, course prerequisites, and his/her interest in the course. It is also the responsibility of faculty mentors to track the holistic progress of the students assigned to them. The faculty mentor helps the student work through academic difficulties. University adopted flexible curricular structures in order to enable creative combinations of discipline specific areas for study in multidisciplinary contexts. This would also allow flexibility in course options that would be on-offer to students, in addition to rigorous specialization in a subject or subjects.

1. Teaching/Pedagogy

The teaching/learning modes that are part of the course shall be in the form of lectures, tutorials, practical, study groups, case studies, projects, assignments, industry visits, internship, field visits, and industrial or other research facilities, guest lectures by experts, etc. Every programme of study at the University lends itself to the well-structured and sequenced acquisition of knowledge and skills. Practical skills, including an appreciation of the link between theory and practice. At the start of each semester, the instructor shares the course handbooks that will explicitly state the course aim, course content, assessment plan, and learning outcomes and additional educational resources with the students.

2. Semester/Credits & Class hours

A semester will comprise 15 weeks and an academic year is divided into two semesters. A summer term is for eight weeks during summer vacation. Internship/Apprenticeship/Work-Based Vocational

Education and Training/ Community Service/ Skill Certification Course can be carried out bearing 4 credits during the summer term, especially by students who wish to exit after two or four semesters of the program.

As prescribed by the National Credit Framework (NCrF), one Credit is equivalent to 30 notional learning hours which include classroom learning, teaching, practical and laboratory work, innovation labs, class projects, assignments, tutorials; sports and games, yoga, physical activities, performing arts, music, handicraft work, social work, examinations, class tests, quizzes, assessments; vocational education, training, and skilling, minor or major project work, field visits in skill education as well as internship, apprenticeship, on-the-job training (OJT), and experiential learning including relevant proficiency and professional levels acquired, etc. This applies to all regular programs. Programs regulated by authorities/councils follow the hours per credit for theory, practical, and experiential learning as prescribed by the respective authorities/councils.

A Credit Unit for programs means a specific number of class hours prescribed for a course. One credit unit requires 15 lecture/class hours. A course can have a combination of lecture credits, tutorial credits, and practicum credits. Class Hour means a period of one-hour duration in a class for the GD Goenka University. “Classes” mean lectures, tutorials, seminars, and other instructional activities in which attendance of students is required under a program of study. It determines the number of hours of instruction required per week over a semester (minimum 15 weeks).

- 1 Lecture per week = 1 Hour duration per week =1 Credit
- Tutorial per week = 1 Hour duration per week =1 Credit
- Practical per week = 2 Hours duration per week =1 Credit

3. Semester Duration:

5. Curricular Components of the Programmes

Outcome -Based Education (OBE) Implementation

GD Goenka University endeavors to follow the Outcome Based Education (OBE) and the choice-based credit system (CBCS) curriculum across all programs offered. It is targeted at achieving desirable outcomes (in terms of knowledge, skills, attitudes, and behaviour) at the end of a program. Teaching with this awareness and making the associated effort constitutes outcome-based education. This entails a regular methodology for ascertaining the attainment of outcomes, and benchmarking these against the program outcomes consistent with the objectives of the program.

OBE MODEL

OBE Framework

- Identify & define the learning outcomes at all levels and explicitly document the same in the curriculum.
- Organizing the teaching and learning activity through student – centered activity and project base learning.
- Assessment and evaluation at all levels of learning outcomes i.e Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs)

Programme Outcomes (POs): Program outcomes describe what students are expected to know and would be able to do by the time of graduation. These relate to the skills, knowledge, and behaviours that students acquire as they progress through the program.

Programme Specific Outcomes (PSOs): Program Specific Outcomes are statements that describe what the graduates of a specific program/specialisation should be able to do.

Course Outcomes (COs): Course Outcomes are also known as Learning Outcomes (Given a curriculum, we design detail courses in terms of syllabus description, pre-requisites, credits (L-T-P) text book(s), reference book(s).

In consistent with POs/PSOs the **Course Outcomes (COs)** of a particular course are formulated.

The curriculum for Undergraduate and Postgraduate programs include Discipline Specific Courses (DSC), Discipline Specific Electives (DSE) Ability Enhancement Course (AEC), Skill Enhancement Courses (SEC), Multidisciplinary Courses (MDC), Minor Courses (MIC), Vocational Courses (VOC) and Value-Added Courses (VAC)

Discipline Specific Course (DSC): Courses offered by the main discipline/subject of study is referred to as Discipline Specific Course.

- **Discipline Specific Core (DSC)/ Major (Core):** These courses are compulsory components of the Academic Programmes. These courses are to be compulsorily studied as a core requirement for the programme.
- **Discipline Specific Elective (DSE)/ Minor:** These courses shall be chosen by each student from a pool of courses. These courses may be intra-departmental. These courses are supportive to the discipline of study and provide an expanded scope.

Multidisciplinary Courses (MDC): Multidisciplinary Courses are courses that cover diverse disciplines like natural sciences, physical science, humanities, commerce and management, interdisciplinary studies and Social Sciences.

Ability Enhancement Courses (AEC). The AEC aim at enabling the students to acquire and demonstrate the core skills, including critical reading and help students articulate their arguments and present their thinking clearly and coherently. The courses will also emphasize the development and enhancement of skills such as communication, and the ability to participate/conduct discussion and debate.

Skills Enhancement Courses (SEC): The SEC is aimed at imparting practical skills, hands-on training to enhance the employability of students. They are offered with the minimum 3 credit course per semester.

Vocational Education and Training (VoC): Vocational Education and Training will form an integral part of the undergraduate programme to Courses from Other Disciplines (Multidisciplinary). These courses are intended to broaden the intellectual experience of the students.

Value-Added Courses (VAC): The Value- Added Courses are part of the curriculum designed to provide necessary skills to increase the employability quotient and equipping the students with essential skills to succeed in life. These courses shall be conducted by experts or in-house staff and help students stand apart from the rest in the job market by adding further value to their resume.

Research Project / Dissertation

Students choosing a 4-Year Bachelor's degree (Honours with Research) are required to take up research projects under the guidance of a faculty member. The students are expected to complete the Research Project in the eighth semester. The research outcomes of their project work may be published in peer-reviewed journals or may be presented in conferences /seminars or may be patented.

6. Additional Learning

Project Based Learning- Interdisciplinary Project (IDP):

The Interdisciplinary Projects offers unique opportunities for interdisciplinary studies, opening new avenues of research and innovation, and by offering it from the first year onwards, it is hoped that we truly give our students an opportunity to delve in interdisciplinary research and emerge as well rounded off individuals who can look at the problems of the modern age with the critical lens of interdisciplinarity.

Community Engagement and Service: The curricular component of ‘community engagement and service at University seeks to expose students to the socio-economic issues in society so that the theoretical learnings can be supplemented by actual life experiences to generate solutions to real-life problems. This can be part of summer term activity or part of a major or minor course depending upon the major discipline.

Summer Internship /Apprenticeship: The key aspect of all programmes is induction into actual work situations. All students will also undergo internships / Apprenticeships in a firm, industry, or organization or Training in labs with faculty and researchers during the summer term. Students will be provided with opportunities for internships with local industry, business organizations, health and allied areas, local governments (such as panchayats, municipalities),

COURSE REGISTRATION

It is mandatory for all students to register every semester for the courses they have been advised to enrol by the Faculty Mentors through a Course Registration process. The Course Registration days will be announced in advance by the university/school to enable an easy and systemic registration. The faculty mentors will be available during those periods to provide advice and counselling opportunities to the students. Students having any outstanding dues to the University or serving any pending disciplinary case that does not allow attending classes shall not be permitted to register for classes. Late registration may be permitted for extenuating circumstances only with the approval of the Head of School/Dean and only after clearing all the dues and paying the late Registration fee. If a student fails to register for any course(s) during any semester, his/her admission to the University will be subject to cancellation. Necessary approval from the Head of School/Dean is necessary for a student to continue his/her active admission status and subsequent registration.

Flexible Credit System is followed at university which allows students to utilize flexible techniques to develop individual semester/degree plan. After carefully reviewing the resources and needs, the list of courses offered by each Programme during every semester will be announced prior to the registration. Students are encouraged to consult their faculty mentors to finalize their academic plan. A copy of the plan of study will be kept in the student file. Any changes in the original plan must be made in consultation with the faculty mentor and will be reflected accordingly in the student file. Provision of Transfer of Credits earned in other Programmes/other Institutions/other Universities (India & Abroad) is also permissible under this system.

RE-REGISTRATION

After the first semester, the students will re-register on the date(s) decided and notified, as per the Academic Calendar of the University. The Re-registration date will be same as the date of commencement of semester. It is mandatory to re-register on the notified date. Attendance shall be counted from the date of commencement of semester.

MINIMUM & MAXIMUM CREDIT LIMITS FOR COURSE REGISTRATION

The average academic load for students enrolled will be 20-35 credit units per semester. However, a student can register for a maximum of 30 credits or a minimum of 20 credits during a regular semester, excluding the summer semester. Under no circumstances a student will be permitted to cross these limits. However, a student carrying out the last registration of his/her Programme will be permitted to register less than 18 credits in order to meet the minimum credit requirements for the completion of Programme. The number of credits a student can register during a Summer Term shall be between 25 and 30, or up to 10 courses. However, in special cases, the student may be permitted to register for more than 30 credits with the approval of competent authority.

CHANGE OF PROGRAMME / SPECIALISATION / BRANCH

Any student requesting to shift from the programme/specialization to another, within the school and also outside the school is required to submit a written request with signature of their parents, to the office of respective Dean, which will further be put up to the Hon'ble Vice Chancellor for consideration.

Any such request is to be sent to the office of respective Dean as per the notified date. Any application received thereafter will be processed along with the prescribed fee (i.e. Rs. 20,000/- for change of programme & Rs.15,000/- for change in Branch/Specialization).

REGISTRATION FOR BACKLOG COURSES

To provide an early opportunity for students to clear backlog of courses, efforts will be made to offer the relevant courses in both odd and even semesters. Some courses may also be offered during the Summer Term Examination (only for debarred students & final year students with an exam fee of Rs.5000/-). Students will be expected to pay a Registration fee of Rs. 5000 per course for repeat examination and Rs. 500 per course for re-appear examination in Odd/Even Semester. Exam fee once paid will not be adjusted against the exam fee for reappear/repeat examination if students missed the exam attempt. The examination registration for backlog courses will not be considered after the last date of registration as per University's Notification.

ADDING/DROPPING COURSES

A student may add to or drop from the registered courses within a pre-specified period from the commencement of a regular semester, subject to the availability of resources and the minimum/ maximum number of credits required to be registered in a semester as specified in University regulations. Final registration for that semester will reflect enrolled courses after the add/drop date. The courses thus dropped will not appear in the semester Grade Sheet of the student and can be taken in a subsequent semester or during summer. However, backlog courses registered during a particular semester cannot be dropped.

After the pre-specified period for add/drop of courses if a student feels that his/her performance in a registered course is not satisfactory, the student will have an opportunity to withdraw from the course. However, such withdrawal can only be made with the written approval of the Head of School/Dean. If the student had paid for the course he/she is withdrawing, no reimbursement will be made for withdrawing from the course. Such withdrawn courses will require additional payment for subsequent registrations. Any alternative course (from a basket of courses) registered in a subsequent semester in lieu of a withdrawn course, will also require additional payment.

Withdrawal is permitted only when the number of credits availed by the student subsequent to withdrawal is equal to or above the minimum number of credits required to be registered in a semester as specified in University regulations.

Registration from backlog courses cannot be withdrawn. To add/drop a backlog course, the student must seek permission from the Head of School/Dean using a separate application form, with the prior approval of his/her Faculty Mentor. This provision will not be available for the courses registered during the summer term.

While exercising the Add/Drop option, the student may lose attendance in those courses added during the add/drop period. This issue must be resolved between the instructor on record and the Faculty Mentor.

COURSE PREREQUISITES

Some courses might require prerequisites which must be met before registering for the course. Students who are detained from appearing in the End-semester examinations due to shortage of attendance in a prerequisite course will not be permitted to register for the next level course. Exception to this rule can only be with the approval of the Vice Chancellor of the University. In case, a prerequisite course is not offered during the following semester, the option of passing the course may be exercised using the independent study followed by proficiency exam option. The student will have to pay for registering for the independent study option. The independent study is an agreement between a faculty and a student and must have the approval of the Head of School/Dean.

A+	Outstanding	10
A	Excellent	9
B+	Very Good	8
B	Good	7
C+	Above Average	6
C	Average	5
F	Fail	0

(DE= Debarred, AB = Absent, WH = Result with-held, ESE= End Semester Examination)

2. **General guidelines for award of Grades are:**

 - b. The marks of different components viz., internal continuous assessment of course work, practical etc. and end term examinations shall be assigned

relative weightage as prescribed in curriculum and scheme of examination of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on 10 point scale.

- c. A Normal Class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- d. Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end semester examination.
- e. The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the relative grading for the class strength of 30 & above.
- f. The Semester performance of a student will be indicated as “Semester Grade Point Average (SGPA). The SGPA will be weighted average of Grade Points of all letter grades received by a student for all the Courses in the semester. The formula for Computing SGPA is given below:

SGPA =	$\frac{U_1 G_1 + U_2 G_2 + U_3 G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$
--------	---

Where U1, U2, U3 denote credits associated with courses taken by the Student and G1,G2,G3 are the Grade Point of the letter grades awarded in the respective Course. An example of these calculations is given below:
